This packet is copyrighted and contains proprietary information and may not, in whole or in part, be copied, photocopied, reproduced, translated, or reduced to any electronic media or machine-readable form without written authorization from CompuGroup Medical US. The software described in this manual is the original work of the authors and is copyrighted with all rights reserved by CompuGroup Medical US.

## INTRODUCTION

CGM webPAY is an online payment solution integrated with eMEDIX and utilizes payment devices to offer keyed, swiped, tapped and chip credit and debit card processing. ACH, Card-not-present and wallet transactions, voids, and credits are processed within CGM webPRACTICE. Transactions are automatically stored in the *Unposted Payments* function and can be manually allocated or posted to a specific charge. Device settlement occurs automatically. In addition, you have access to the *eMEDIX Payment Portal* functionality which enables your patients to easily make credit card payments online when they receive a patient statement or collection letter.

This manual provides instructions for using CGM webPAY within CGM webPRACTICE. It is intended for CGM webPRACTICE Users that are already experienced and trained in the basic functionality of CGM webPRACTICE. Only the functions specific to CGM webPAY are included in this manual and if you need instructions for other CGM webPRACTICE functionality, refer to *CGM webPRACTICE Help* or contact Customer Service for assistance.

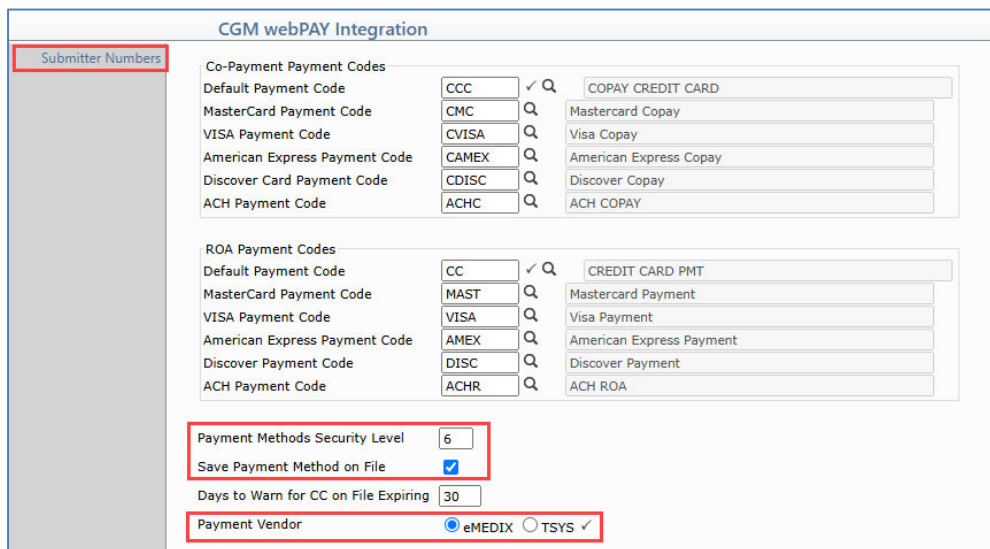

This User Guide is updated through version 2024.3.1.

## CGM WEBPAY SETUP

### CGM webPAY Integration Setup

Prior to using CGM webPAY, you will need to access the *CGM webPAY Integration* function (*System > Database Maintenance Menu > Integrations > CGM webTOOLS Integrations > CGM webPAY > CGM webPAY Integration*) to define which Payment Codes you want to use and confirm the Submitter Number(s) for CGM webPAY have been entered. If instructed by CGM or Global Pay, you may also need to switch the Payment Vendor to eMEDIX.

- Default Payment Codes:** Enter the code you want to default for Co-Payments and ROA (Received on Account) payments and any additional codes for each payment type.
- Payment Methods Security Level:** Enter the minimum security level a User must have to access and edit payment methods saved on a patient's account.
- Save Payment Method on File:** If you want the **Save Payment Method on File** option to default as 'selected' each time the CGM webPAY Payment screen is accessed, select this check box.
- Days to Warn for CC on File Expiring:** Enter the quantity of days you want to be warned prior to the patient's card expiring. Valid values for this field are 0-99 days and the default setting is 30 days. Currently this field only affects the **CC Status** yellow dot on the *Review/Send Electronic Statements* function.
- Payment Vendor:** Switch the Payment Vendor to eMEDIX if instructed to do so by CGM.
- Submitter Numbers:** Click the **Submitter Numbers** Action Column button and add the **Submitter Number(s)** provided during the CGM eMEDIX registration process.
- Click **Save**.

**CGM webPAY Integration**

**Submitter Numbers**

**Co-Payment Payment Codes**

Default Payment Code	CCC	<input checked="" type="checkbox"/>	<input type="text" value="COPAY CREDIT CARD"/>
MasterCard Payment Code	CMC	<input type="checkbox"/>	<input type="text" value="Mastercard Copay"/>
VISA Payment Code	CVISA	<input type="checkbox"/>	<input type="text" value="Visa Copay"/>
American Express Payment Code	CAMEX	<input type="checkbox"/>	<input type="text" value="American Express Copay"/>
Discover Card Payment Code	CDISC	<input type="checkbox"/>	<input type="text" value="Discover Copay"/>

Discover Payment Code	DISC	<input type="checkbox"/>	<input type="text" value="Discover Payment"/>
ACH Payment Code	ACHR	<input type="checkbox"/>	<input type="text" value="ACH ROA"/>

Payment Methods Security Level:

Save Payment Method on File:

Days to Warn for CC on File Expiring:

Payment Vendor:  eMEDIX  TSYS

**Note** - If multiple databases have been activated, the *CGM webPAY Integration* function must be completed in each database.

## eMEDIX eRESP Integration Setup

Prior to using CGM webPAY, you need to access the *eMEDIX eResp Integration* function (*System > Claims Management Menu > CGM eMEDIX Integration*) and confirm the credentials have been entered for your Practice.

EMEDIX eResp Integration				CompuGroup Medical US EASTSIDE MEDICAL (1)
Add User	Active	User Name	Printing Name	EMEDIX User Name
	✓	EASTSIDE MEDICAL	HOPEFUL SMITH (HOPE)	
		HOPE	HOPEFUL SMITH (HOPE)	
	✓	JEN	JEN (JEN)	
		KIM	KIM BAKER (KIM)	

Click on the row for the **Practice Name** and confirm the fields have been fully completed.

EMEDIX eResp Integration		CompuGroup Medical US EASTSIDE MEDICAL (1)

EMEDIX User Name	webpractice	✓
EMEDIX Password	••••••••	✓
EMEDIX DSN	web	✓

**Note** - If multiple databases have been activated, the *eMEDIX eResp Integration* function must be checked in each database.

## CGM webPAY Payment Plans - Patient Collections Integration Setup

Since Payment Plan information can be entered while collecting payments using CGM webPAY, you need to access the *Patient Collections Integration* function (*System > Database Maintenance Menu > Integrations > Collections Integration > Patient Collections Integration*) to define the required Payment Plan Statuses if you have not already done so. This must be completed prior to using CGM webPAY. For detailed information on setting up patient collections, see *Patient Collections Setup and Processing Steps* in CGM webPRACTICE Help (*Introduction > System Processes > Patient Collections Setup and Processing Steps*).

**Note** - If multiple databases have been activated, the *Patient Collections Integration* function must be completed in each database.

## Additional Payment Type Setup

If you requested to have your database set up in "Test" mode (prior to going 'Live'), only the users designated as "Test" users will have access to the new CGM webPAY functionality. When you collect payments, the **CGM webPAY** option will replace the **Credit Card** option for the "Test" users but, if the "Test" users will still need access to the **Credit Card** option in *Patient Check/Out* during the test phase, you have the option to set up an additional payment type. This is just a temporary setup so that Test users can still have access to the **Credit Card** option.

To set up an additional payment type, access the *Patient Check In/Out Integration* function (*System > Database Maintenance Menu > Integrations > Schedule Integrations > Patient Check In/Out Integration*) and add **Credit Card** for the **Payment Type Button Name**. Add the Default payment codes you want to default for Co-Payments and ROA payments and click **Save**.

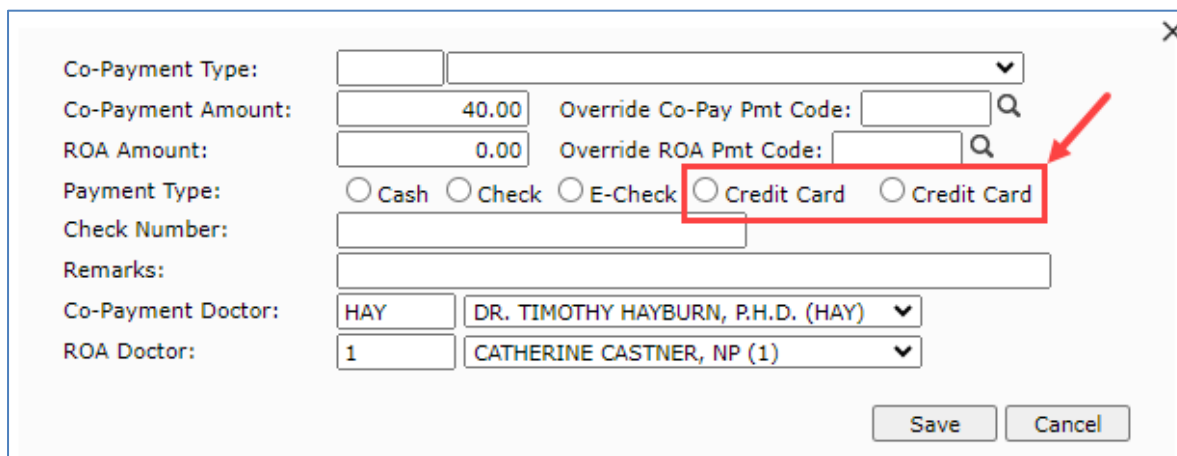

Additional Payment Type	
Payment Type Button Name	<input type="text" value="Credit Card"/>
Default Co-Pay Payment Code	<input type="text" value="CCC"/> <input type="button" value="Q"/> <input type="text" value="COPAY CREDIT CARD"/>
Default ROA Payment Code	<input type="text" value="CC"/> <input type="button" value="Q"/> <input type="text" value="CREDIT CARD PMT"/>

When Test Users access the **Collect Payment** function, they will see the both the **CGM webPAY** and **Credit Card** buttons.

Co-Payment Type:	<input type="text"/>	<input type="text"/>	<input type="button" value="v"/>
Co-Payment Amount:	<input type="text" value="40.00"/>	Override Co-Pay Pmt Code:	<input type="text"/> <input type="button" value="Q"/>
ROA Amount:	<input type="text" value="0.00"/>	Override ROA Pmt Code:	<input type="text"/> <input type="button" value="Q"/>
Payment Type:	<input type="radio"/> Cash <input type="radio"/> Check <input type="radio"/> E-Check <input type="radio"/> <b>CGM webPAY</b> <input type="radio"/> Credit Card		
Check Number:	<input type="text"/>		
Remarks:	<input type="text"/>		
Co-Payment Doctor:	<input type="text" value="HAY"/>	<input type="text" value="DR. TIMOTHY HAYBURN, P.H.D. (HAY)"/> <input type="button" value="v"/>	
ROA Doctor:	<input type="text" value="1"/>	<input type="text" value="CATHERINE CASTNER, NP (1)"/> <input type="button" value="v"/>	
		<input type="button" value="Save"/>	<input type="button" value="Cancel"/>

## Additional Payment Type (cont.)

You will need to inform your non-Test Users that when they access the **Collect Payment** function, they will see two **Credit Card** buttons during the Test period. They can use either button because they will both function the same.

When you have completed the Test period, remember to delete the **Additional Payment Type** information in the *Patient Check In/Out Integration* function.

## OVERVIEW OF COLLECTING PAYMENTS

The following sections describe the processes for collecting payments in CGM webPRACTICE either through *Scheduling* or *Payment Entry* using CGM webPAY. To prevent replication within the document, the types of payment methods are only described once, since they are the same whether you are collecting payments through *Scheduling* or *Payment Entry*.

### Steps for Collecting Payments

1. Access *Scheduling* or *Payment Entry* to enter the preliminary payment information.
2. Select the Type of CGM webPAY Payment Method you want.
3. Print the Transaction Receipt.
4. Complete the payment process in *Scheduling* or *Payment Entry*.

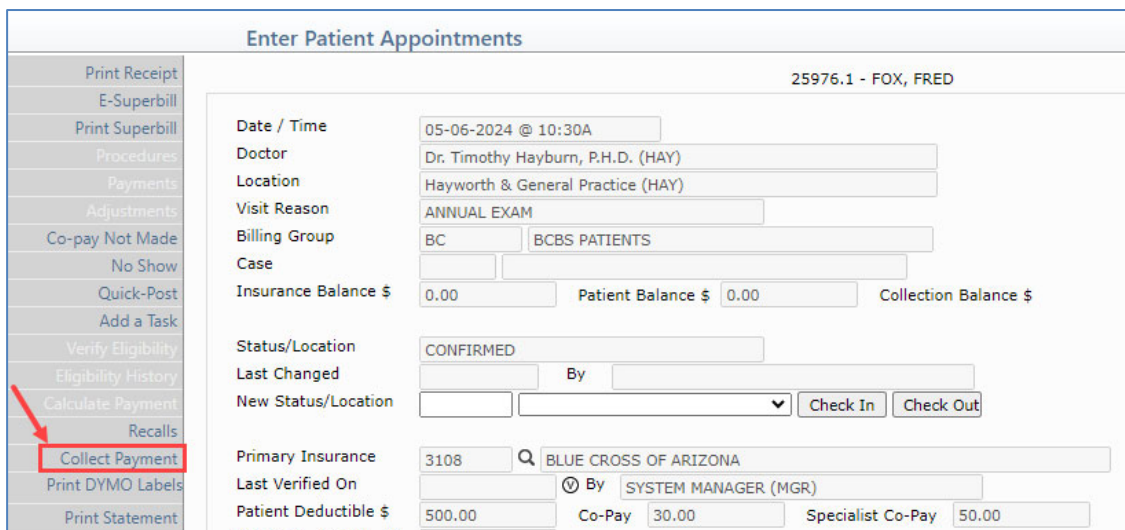

## COLLECTING PAYMENTS IN SCHEDULING

You can collect CGM webPAY payments using the **Collect Payment** Action Column button in *Patient Check In/Out* in Scheduling. You have three options to access the function:

- *Schedule > Enter Patient Appointments > Select a patient > Check In/Out*
- *Schedule > Enter Patient Appointments > Check In/Out > Select a Patient*
- *Schedule > Patient Check In/Out > Select a Patient*

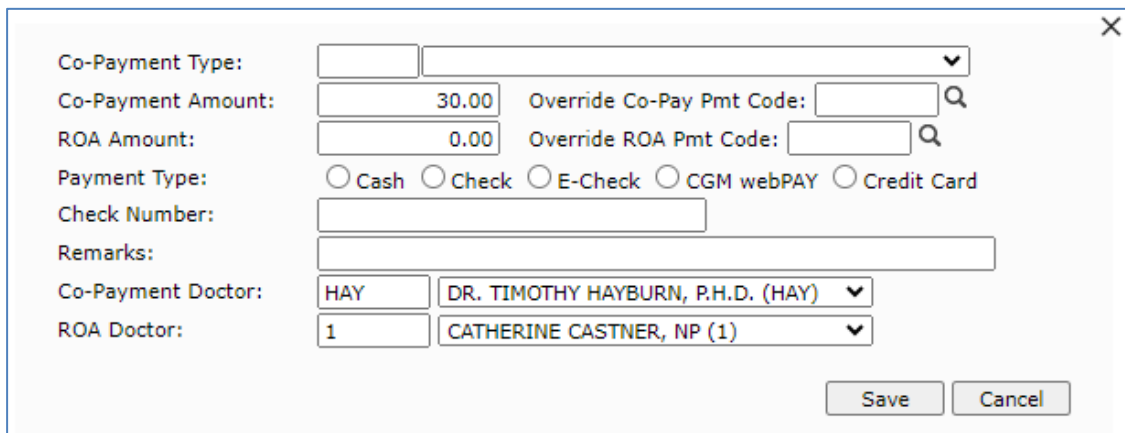

The instructions provided below show the payment collection process after you have accessed the patient account you want.

Click **Collect Payment** in the Action Column.

The screenshot shows the 'Enter Patient Appointments' window for patient 25976.1 - FOX, FRED. The left sidebar contains various action buttons, with 'Collect Payment' highlighted in red and a red arrow pointing to it. The main area displays appointment details for 05-06-2024 @ 10:30A with Dr. Timothy Hayburn, P.H.D. (HAY) at Hayworth & General Practice (HAY) for an ANNUAL EXAM. Billing Group is BC and BCBS PATIENTS. Insurance Balance, Patient Balance, and Collection Balance are all \$0.00. Status is CONFIRMED. Primary Insurance is BLUE CROSS OF ARIZONA. Patient Deductible is \$500.00, Co-Pay is \$30.00, and Specialist Co-Pay is \$50.00.

When the **Collect Payment** window displays, complete the following fields:

The 'Collect Payment' dialog box contains the following fields:

- Co-Payment Type:** [Dropdown menu]
- Co-Payment Amount:** [Text box with value 30.00]
- Override Co-Pay Pmt Code:** [Text box with search icon]
- ROA Amount:** [Text box with value 0.00]
- Override ROA Pmt Code:** [Text box with search icon]
- Payment Type:** [Radio buttons for Cash, Check, E-Check, CGM webPAY, Credit Card]
- Check Number:** [Text box]
- Remarks:** [Text box]
- Co-Payment Doctor:** [Text box with value HAY] [Dropdown menu with value DR. TIMOTHY HAYBURN, P.H.D. (HAY)]
- ROA Doctor:** [Text box with value 1] [Dropdown menu with value CATHERINE CASTNER, NP (1)]

Buttons: Save, Cancel

## Collecting Payments in Scheduling (cont.)

- **Co-Payment Type:** If you are collecting a co-payment, select the co-payment type from the list.
- **Co-Payment Amount:** If you are collecting a co-payment, enter the amount.
- **Override Co-Pay Pmt Code:** Enter or select a payment code if you want to override the default payment code defined in the *CGM webPAY Integration* function.
- **ROA Amount:** If you are collecting an ROA, enter the amount.
- **Override ROA Pmt Code:** Enter or select a payment code if you want to override the default payment code defined in the *CGM webPAY Integration* function.
- **Payment Type:** Select **CGM webPAY**.
- **Co-Payment Doctor:** Defaults to the appointment doctor if the payment is associated with an appointment, otherwise the patient's **Responsible Doctor** will default. Type or select a code from the list if you want to override the default.
- **ROA Doctor:** Defaults to the patient's **Responsible Doctor**. Type or select a code from the list if you want to override the default.

Click **Save**.

The *Patient Check In/Out* screen will redisplay with the payment information shown at the bottom of the screen. Click **Save**.

## Collecting Payments in Scheduling (cont.)

If multiple **Submitter Numbers** have been stored in the *CGM webPAY Integration* function, you will be prompted to select the **Submitter Number** you want to use for this transaction. The **Submitter Number** will default to the last one you selected.

A dialog box titled "Select Submitter" with a dropdown menu showing "Eastside Medical" and two buttons: "Proceed" and "Cancel".

The *CGM webPAY* window displays next.

The "Payment" window shows a progress bar with three steps: 1. Initiate Payment, 2. Enter Payment Details (current), and 3. Confirmation. The form includes fields for Payment Identifier (2634), Submitter (PBTX92161), Total Patient Balance (718.39), Select Number of Months, Future Monthly Payment Date, and Payment Amount (30.00). There is a checked checkbox for "Save Payment Method On File" and a "Select Payment Method" section with radio buttons for various options like "Key In Values Manually (Check)", "Front Office", "VISA", "MASTERCARD", "Key In Values Manually (Credit Card)", "Billing Office", and "Bank Account".

See the *Types of Payment Methods* section for detailed instructions on collecting the payment and the *Transaction Receipt* section for printing the receipt.

After you have completed collecting the payment and printed the receipt, the transaction status now shows a **C** in the **Sta** column to indicate that the payment has been collected in the *Patient Check In/Out* screen. Click **Save**.

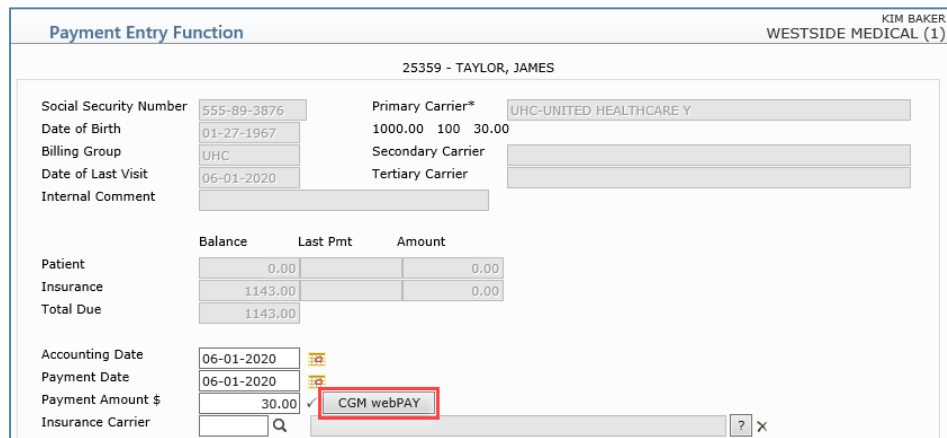

Sta	Payment Date	Payment	Amount	Type	Check#	Dr	Remarks
C	05-29-2020	Co-Payment - MEDICAL CARE	30.00	CGM webPAY		2	

**Note:** Immediately after the payment is successfully processed, it is stored in *Unposted Payments*.

## COLLECTING PAYMENTS IN PAYMENT ENTRY

You can collect CGM webPAY payments in Payment Entry using the **CGM webPAY** button. Whether you are collecting the payment using a payment device or the card not present method, the first few steps are the same. The instructions provided below show the payment collection process after you have:

- Accessed the *Payment Entry Function (Transactions > Payment Entry Function)*.
- Selected a **Batch #** if applicable.
- Selected the patient account you want.
- Entered the **Payment Amount**.
- Clicked **CGM webPAY**.

## Collecting Payments in Payment Entry (cont.)

The *CGM webPAY* window displays next.

See the *Types of Payment Methods* section for detailed instructions on collecting the payment and the *Transaction Receipt* section for printing the receipt.

After you have completed collecting the payment and printed the receipt, you have the option to allocate and post the payment, leave the payment unallocated and save it to the patient's account or click **Cancel** to leave the payment stored in *Unposted Payments*.

Actions:

## Collecting Payments in Payment Entry (cont.)

If you click **Cancel**, you will receive the following message:

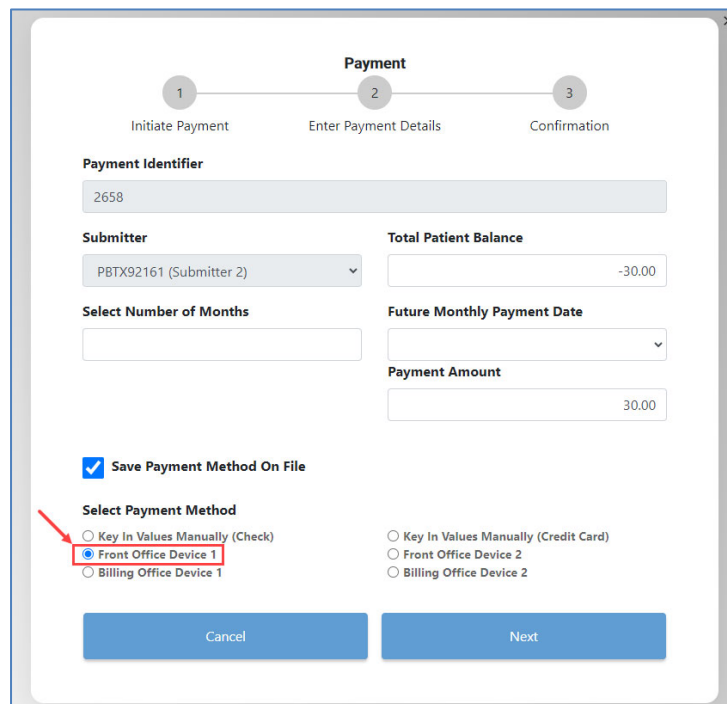

Click **Yes** to confirm. You can view and process the payment in the *Unposted Payments* function later.

## TYPES OF PAYMENT METHODS

- **Device Collected Payment:** If you are collecting a credit or debit payment using a payment device.
- **Payment Method Saved on File:** If you are collecting a payment for a payment method on file.
  - **Credit Card** – Can be saved on file.
  - **Debit Card** – Cannot be saved on file.
  - **Bank Account** – Can only be saved on file when a payment is collected in the *Payment Entry* or *Patient Check In/Out* functions – not within the Payment Methods Action Column button in the *Change Patient Data* function.
- **Credit Card Payment Manually Entered:** If you are collecting a credit card payment via manual entry.
- **Bank Account (ACH) Payment:** If you are collecting a Bank Account payment.

### Device Collected Payment

When the *CGM webPAY* window displays, select the payment device you want and click **Next**.

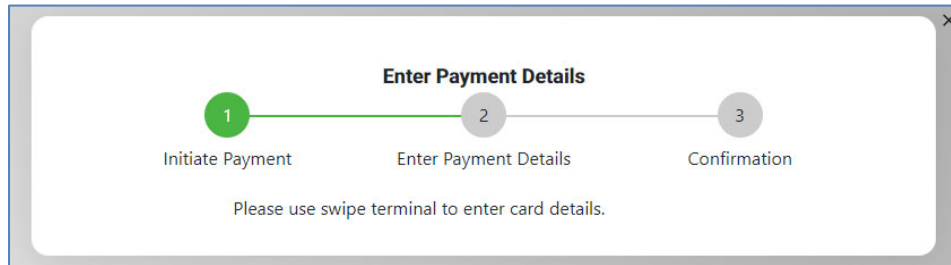

The screenshot shows the 'Payment' window with a progress bar at the top indicating three steps: 1. Initiate Payment, 2. Enter Payment Details (current step), and 3. Confirmation. The form contains the following fields and options:

- Payment Identifier:** 2658
- Submitter:** PBTX92161 (Submitter 2)
- Total Patient Balance:** -30.00
- Select Number of Months:** (empty field)
- Future Monthly Payment Date:** (dropdown menu)
- Payment Amount:** 30.00
- Save Payment Method On File**
- Select Payment Method:**
  - Key In Values Manually (Check)
  - Front Office Device 1** (highlighted with a red box and arrow)
  - Billing Office Device 1
  - Key In Values Manually (Credit Card)
  - Front Office Device 2
  - Billing Office Device 2
- Buttons:** Cancel and Next

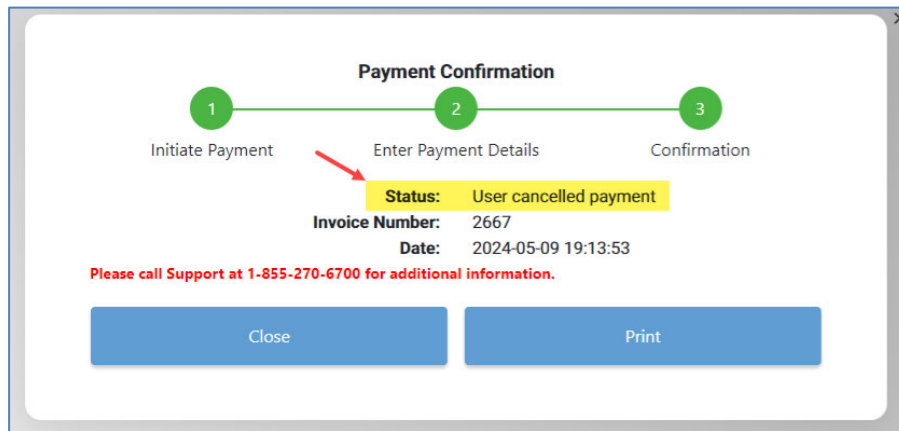

The **Payment Method** will default to the default card/account saved on file for the patient (if there is one). The **Payment Amount** will also default. If the **Save Payment Method on File** check box is selected in the *CGM webPAY Integration* function, this check box will already be selected and this payment method will be saved to the patient's account for future payments, but you can change it if needed.

## Device Collected Payment (cont.)

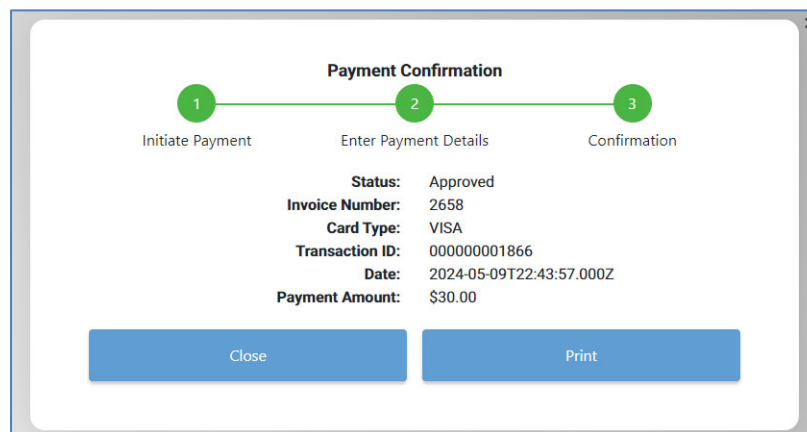

Swipe, tap or insert the card on the payment device.

**Note:** If you need to cancel out of the payment, press the red **X** on the payment device. Tap **Yes** to confirm you want to end the transaction. The Payment Confirmation window will display with the **Status** listed as 'User cancelled payment'. Click **Close**.

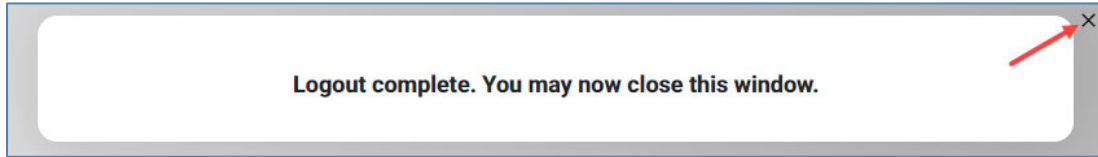

When the Payment Confirmation window displays, the payment is immediately stored in *Unposted Payments*. You can click **Print** to print the receipt or **Close**.

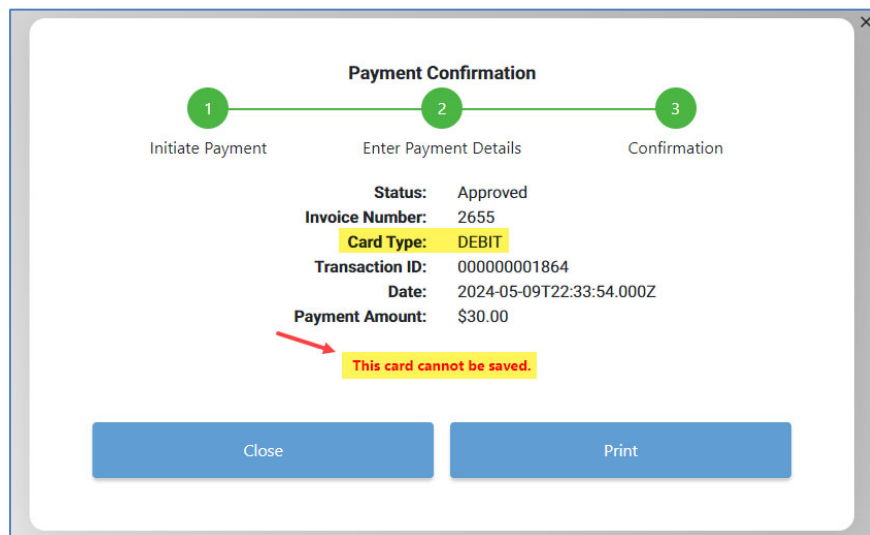

## Device Collected Payment (cont.)

Click the **X** in the upper-right corner of the window.

Proceed to the *Transaction Receipt* section for details on printing the receipt.

**Note:** Debit card payments cannot be saved to the patient's account.

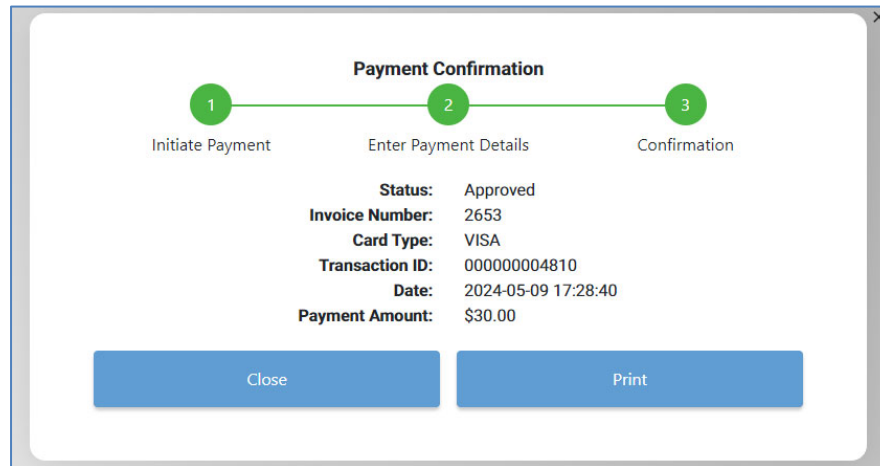

## Payment Method Saved on File

When the *CGM webPAY* window displays, any previously saved payment methods will be listed in the Select Payment Method section. Select the payment method and click **Next**.

The message, processing payment using selected payment method will display.

## Payment Method Saved on File (cont.)

When the Payment Confirmation window displays, the payment is immediately stored in *Unposted Payments*. You can click **Print** to print the receipt or **Close**.

**Note:** If the payment was originally collected using a device prior to the method being saved on the patient's account, all future payments collected will display the **Pmt Method** in *Unposted Payments* as **WP-Device**.

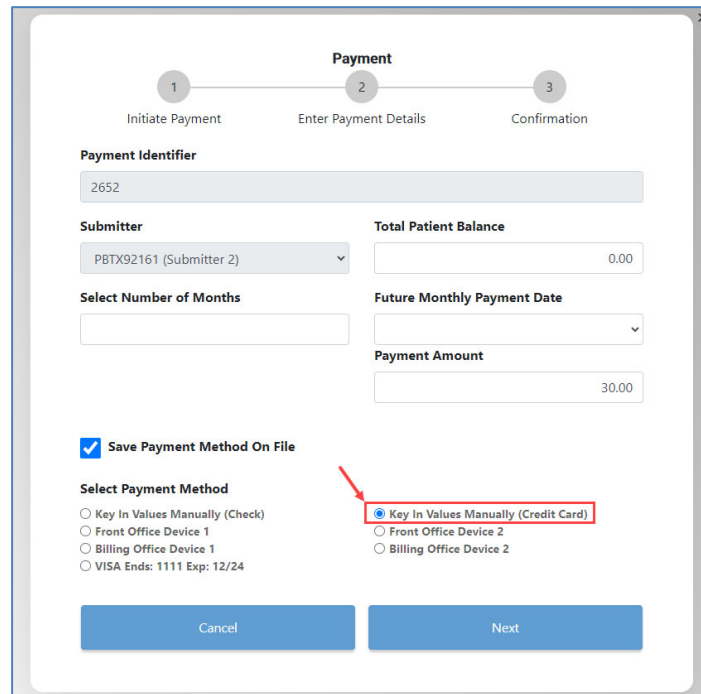

Click the **X** in the upper-right corner of the window.

Proceed to the *Transaction Receipt* section for details on printing the receipt.

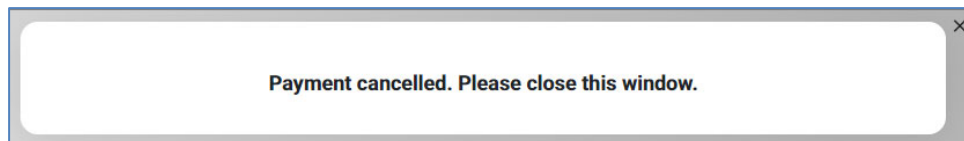

## Credit Card Payment Manually Entered

When the *CGM webPAY* window displays, select **Key in Values Manually (Credit Card)**. Click **Next**.

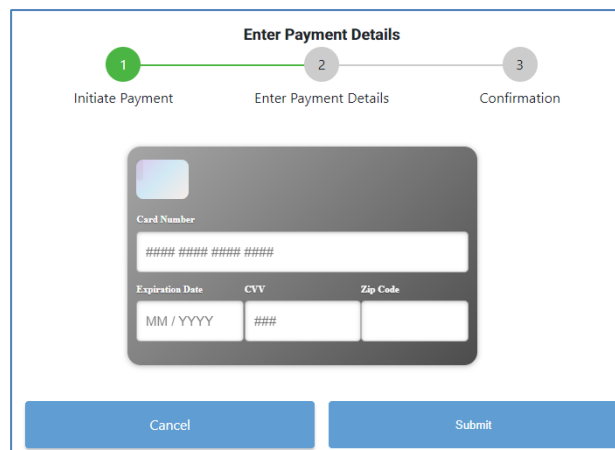

The screenshot shows a 'Payment' window with a progress bar at the top indicating three steps: 1. Initiate Payment, 2. Enter Payment Details (current step), and 3. Confirmation. Below the progress bar, there are several input fields: 'Payment Identifier' (2652), 'Submitter' (PBTX92161 (Submitter 2)), 'Total Patient Balance' (0.00), 'Select Number of Months' (empty), 'Future Monthly Payment Date' (dropdown), and 'Payment Amount' (30.00). A checkbox 'Save Payment Method On File' is checked. Under 'Select Payment Method', the 'Key In Values Manually (Credit Card)' option is selected and highlighted with a red box and a red arrow. Other options include 'Key In Values Manually (Check)', 'Front Office Device 1', 'Billing Office Device 1', 'VISA Ends: 1111 Exp: 12/24', 'Front Office Device 2', and 'Billing Office Device 2'. At the bottom, there are 'Cancel' and 'Next' buttons.

If you click **Cancel**, the following message will display. Click the **X** in the upper right corner to close the window.

The screenshot shows a message box with a close button (X) in the upper right corner. The text inside the box reads: "Payment cancelled. Please close this window."

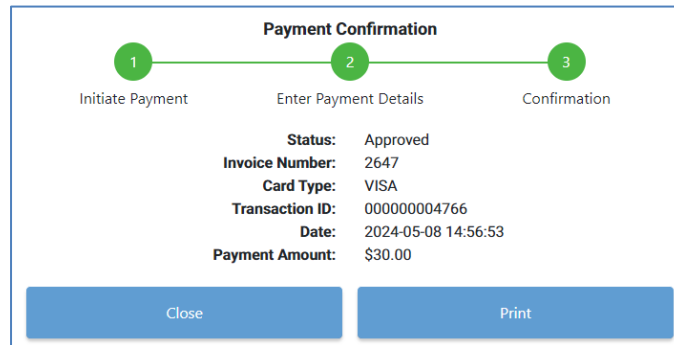

Enter the card information and click **Submit**.

The screenshot shows the 'Enter Payment Details' window with a progress bar at the top indicating three steps: 1. Initiate Payment, 2. Enter Payment Details (current step), and 3. Confirmation. Below the progress bar, there is a card information form with fields for 'Card Number', 'Expiration Date', 'CVV', and 'Zip Code'. At the bottom, there are 'Cancel' and 'Submit' buttons.

## Credit Card Manually Entered (cont.)

When the Payment Confirmation window displays, the payment is immediately stored in *Unposted Payments*. You can click **Print** to print the receipt or **Close**.

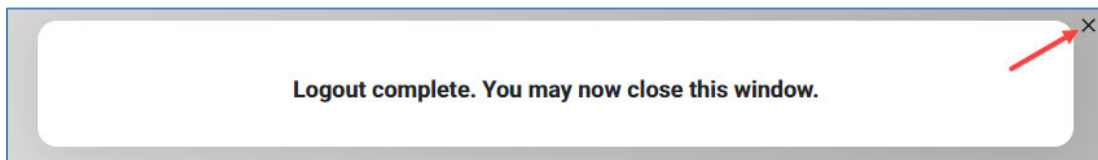

The screenshot shows a 'Payment Confirmation' window with a progress bar at the top indicating three steps: 1. Initiate Payment, 2. Enter Payment Details, and 3. Confirmation. The current step is 'Confirmation'. Below the progress bar, the following payment details are displayed:

Status:	Approved
Invoice Number:	2647
Card Type:	VISA
Transaction ID:	000000004766
Date:	2024-05-08 14:56:53
Payment Amount:	\$30.00

At the bottom of the window, there are two blue buttons: 'Close' and 'Print'.

Click the **X** in the upper-right corner of the window.

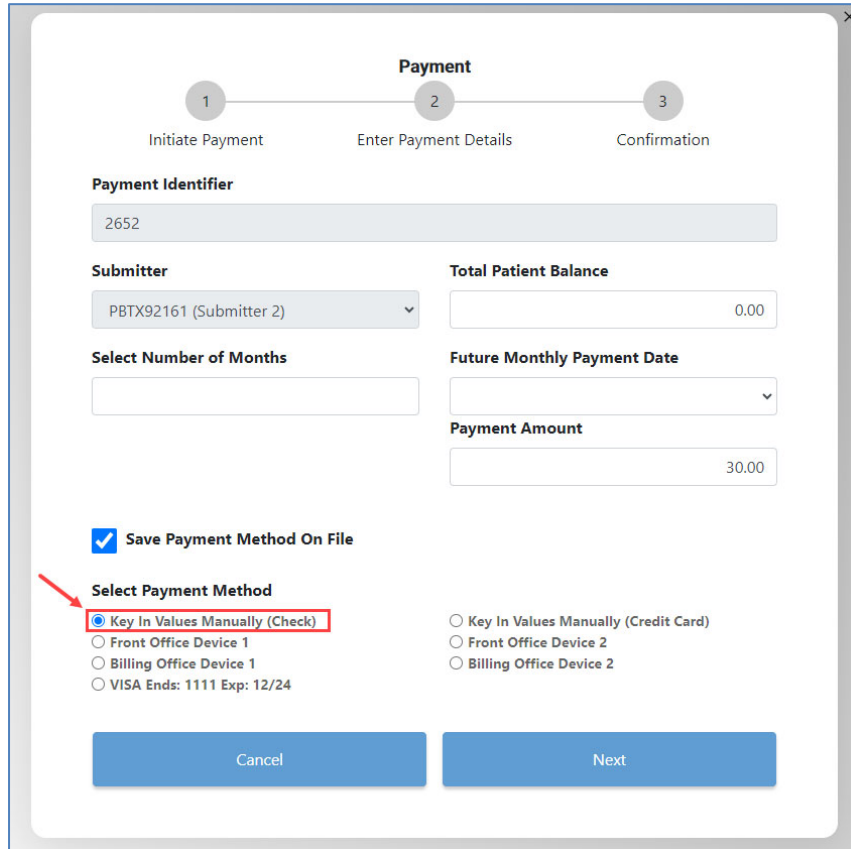

Proceed to the *Transaction Receipt* section for details on printing the receipt.

**Note:** If you enter a Debit card using the 'Key in values manually (Credit Card)', it processes the debit as a credit.

## Bank Account (ACH) Payment

When the *CGM webPAY* window displays, select **Key in Values Manually (Check)**. Click **Next**.

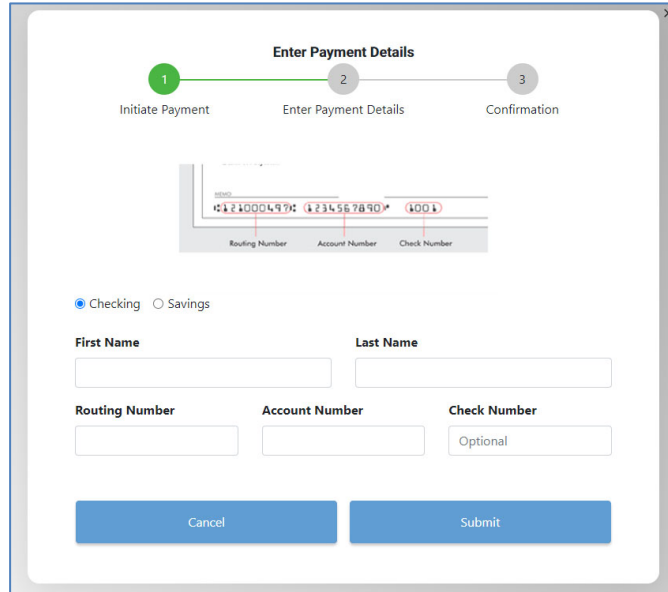

The screenshot shows a 'Payment' window with a progress bar at the top indicating three steps: 1. Initiate Payment, 2. Enter Payment Details (current step), and 3. Confirmation. The form contains the following fields and options:

- Payment Identifier:** Text input field containing '2652'.
- Submitter:** Dropdown menu showing 'PBTX92161 (Submitter 2)'.
- Total Patient Balance:** Text input field containing '0.00'.
- Select Number of Months:** Text input field.
- Future Monthly Payment Date:** Dropdown menu.
- Payment Amount:** Text input field containing '30.00'.
- Save Payment Method On File:** Checked checkbox.
- Select Payment Method:** Radio button options:
  - Key In Values Manually (Check) (highlighted with a red box and a red arrow)
  - Key In Values Manually (Credit Card)
  - Front Office Device 1
  - Billing Office Device 1
  - VISA Ends: 1111 Exp: 12/24
  - Front Office Device 2
  - Billing Office Device 2

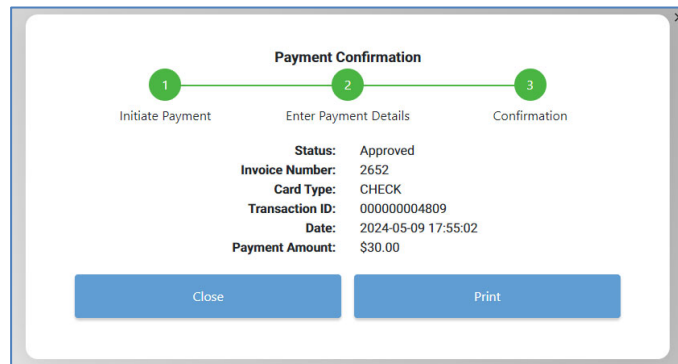

At the bottom, there are two buttons: 'Cancel' and 'Next'.

## Bank Account (ACH) Payment (cont.)

Enter the Bank Account information and click **Submit**.

When the Payment Confirmation window displays, the payment is immediately stored in *Unposted Payments*. You can click **Print** to print the receipt or **Close**.

Click the **X** in the upper-right corner of the window.

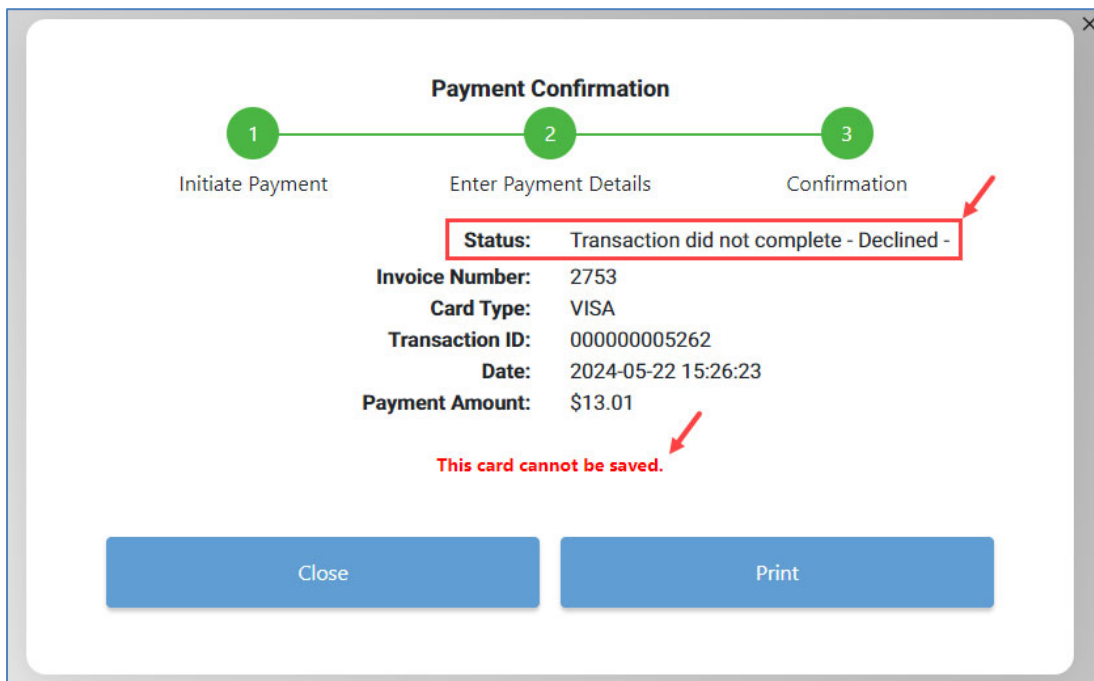

Proceed to the *Transaction Receipt* section for details on printing the receipt.

## Declined Payments

### Declined Card Payments

If a payment is declined the Payment Confirmation window will indicate it was declined in the **Status** field. The Payment Method will not be saved to patient’s account, if you had the **Save Payment Method on File** check box selected.

Click the **X** in the upper-right corner of the window.

If you wish to resubmit the payment, you will need to repeat the payment collection steps.

## Declined/Returned Bank Account (ACH) Payments

If a bank account (ACH) payment is declined/returned, a negative payment transaction will display in *Unposted Payments*, since it usually takes a few days to receive the notification. A message in red text will display below the negative payment information stating the reason for the return.

Unposted Payments									
Status	Source	Account	Patient Name	Amount	Payment Date	Payment Type	Payment Code	Pmt Method	
<input type="checkbox"/>	Check In/Out	32293	JONES, SAM	-9.00	06-13-2024	ROA	WP-ACH CHECK ROA (WPCKR)	WP	
<b>CGM webPAY: Check Returned</b>									
<input type="checkbox"/>	CGM eMEDIX Payment Portal	25511	HANSEN, TIFFANY	31.00	06-13-2024	ROA	Payment Portal - Visa (OLV)	PP	

When you click on the patient to post the returned payment, the **Payment Code** will default to the code used when the payment was originally posted and the reason for the return will display in the lower portion of the window. The **Remarks** field will automatically default with the reason for the return.

## UNPOSTED CGM WEBPAY PAYMENTS

### Unposted Payments Summary Screen

With the *Unposted Payments* function you can review, print, post and void/credit CGM webPAY payments.

Payments can be stored on a patient's account through the following functions:

- *Patient Check In/Out* function.
- *Payment Entry* (CGM webPAY payments that are not applied).
- *Pre-Treatment* function.
- CGM webPAY payments collected for *Collection* or *Non-Delinquent Payment Plans*.
- *CGM eMEDIX Payment Portal* (for electronic patient statement or collection payments).

Unposted Payments										SYSTEM MANAGER Eastside Medical (1)
<input type="checkbox"/>	Status	Source	Account	Patient Name	Amount	Payment Date	Payment Type	Payment Code	Pmt Method	WP-Pmt Device
<input type="checkbox"/>	●	Check In/Out	25984.1	DEER, JULIA	50.00 <a href="#">Credit</a>	06-06-2024	Co-Payment	WP-MASTERCARD COPAY (WPMC)	WP	
<i>This Co-Pay must be posted manually. No Charge posted for Appointment and Dr.</i>										
<input type="checkbox"/>	●	Check In/Out	25983.1	FOX, KRIS	20.00 <a href="#">Credit</a>	06-04-2024	Co-Payment	WP-VISA COPAY (WPVIS)	WP-Device	Front Office Device 1
<i>This Co-Pay must be posted manually. No Charge posted for Appointment and Dr.</i>										

Upon accessing the function, after you select a batch number if applicable, the *Unposted Payments Summary* screen will display.

- **Status** – Indicates the status of the payment and if it can be auto-posted.
- **Source** - Indicates which function the payments were stored from.
- **Payment Type** - Possible values: ROA, Co-Payment.
- **Payment Code** -Displays the payment code.
- **Pmt Method** - Possible values:
  - CA (Cash)
  - CK (Check)
  - CC (Credit Card)
  - EC (E-Check)
  - OP (Other Payment Type)
  - WP (webPAY- non device payment)
  - WP - Device (webPAY - Device collected payment)
  - PP (Payment Portal)
- **WP-Pmt Device** - Lists the payment device name for any payment collected on a device.
- **Pmt Dr** - Displays the doctor assigned to the payment.

## Unposted Payments Summary Screen (cont.)

### Action Column Buttons

**Change Batch** - Displays the batch selection screen so you can choose another batch.

**Print** - Prints the contents of the *Summary* screen in an Active Report.

**Print to Excel** - Prints the unposted payments listed on the screen to Excel with the same sort and filter applied as the screen. For detailed information, see the *Unposted Payments - Print to Excel* section.

There are a few differences between the screen and what data is exported to Excel:

- The check box column is not included.
- The icons in the status column are converted to Red, Yellow, Green.
- The error messages that display under the Patient name are not included.
- The CGM webPAY credit links and receipt icons in the Amount column are not included.

**Add/Edit Filter** - You can filter which payments are displayed on the *Unposted Payments Summary* screen.

**Remove Filter** - Removes the existing filter and refreshes the screen with all of the unposted payments.

**Journal** - You can print the *Unposted Payment Journal*. For detailed information, see the *Unposted Payments Journal* section.

**Refresh** - Refreshes the screen with the most current unposted payments.

## Void/Credit Unposted Payments

There are two options to void/credit an unposted CGM webPAY payment. The first is directly within the *Unposted Payments* function and the second is within the *Patient Check In/Out* function.

**Note:** Only credit card payments can be voided or credited, not debit card or bank account payments. You would need to process a refund on the patient’s account to cancel out a debit card or bank account payment.

In the *Unposted Payments* function, locate the patient payment you want and click the **Credit** link to the right of the amount.

## Void/Credit Unposted Payments (cont.)

If you receive the following message, you will need to wait until the next day after the transactions have auto settled to void or credit.

The screenshot shows the 'Enter Patient Appointment' form with the following details:

- Date / Time: 05-17-2024
- Doctor: Dr. Timothy
- Location: Hayworth &
- Visit Reason: POST OP
- Billing Group: BC
- Case: [Empty]
- Insurance Balance \$: 0.00
- Patient Balance \$: -30.00
- Collection Balance \$: [Empty]
- Status/Location: CONFIRMED

An error message box is displayed with the text: "Transaction has not closed/settled. Partial refund cannot be completed on open transaction. If you wish to change the original amount, void the entire transaction and complete a new sale". A red arrow points from the message to the Patient Balance field.

A payment entry dialog is also shown with the following fields:

- Payment Date: 05-17-2024
- Card/Account Type: VISA
- Card/Account Number: \*\*\*\* \* [Redacted]
- Amount: 30.00
- Credit Amount: 5.00
- Remarks: [Empty]
- Reason: Collected too much (checked)

Buttons for 'Submit' and 'Cancel' are visible at the bottom of the dialog.

Upon completion of the transaction, the void/credit receipt will display.

## VOID/CREDIT POSTED PAYMENTS

There are two methods to void or credit a posted payment.

- **Negative Payment** - If you need to void or credit a partial amount of the payment, correct a posting error or to deallocate a payment.
- **Reverse a Transaction** - If you need to void or credit the full amount of the payment.

**Note:** Only credit card payments can be voided or credited, not debit card or bank account payments. You would need to process a refund on the patient’s account to void or credit a debit card or bank account payment.

### Negative Payment

The instructions provided below show the void or credit process after you have:

- Accessed the *Payment Entry Function (Transactions > Payment Entry function)*.
- Selected a **Batch #** if applicable.
- Selected the patient account you want.
- Entered the negative **Payment Amount** (either the full payment amount or a partial amount).
- Clicked **CGM webPAY**.

## REPORTS FOR CGM WEBPAY PAYMENTS

The reports available to balance CGM webPAY payments include:

- Check In/Out Payment Journal
- Unposted Payments Journal
- Unposted Payments - Print to Excel
- Daily Register to Excel
- Transaction Journals to Excel (Payment)

Depending on your practice's workflow and whether you balance before or after you post the payments, the following reports provide detailed CGM webPAY payment data to balance the payments. The examples provided show just a few of the printing and sorting options available.

### Check In/Out Payment Journal

With the *Check In/Out Payment Journal (Scheduling > Scheduling Printing Menu > Check In/Out Payment Journal)* you can print a report of the payments entered through the *Patient Check In/Out* function. It will provide an audit trail of every payment entered, including any voided or credited payments. The **Payment ID** printed on each receipt will also print on the report for each patient, to help with reconciliation.

If you select **Pmt Method** for the **Print Totals by** option, the report provides totals for each payment method.

## Unposted Payments Journal

With the *Unposted Payments Journal (Transactions > Transaction Journals > Unposted Payments Journal)*, you can print a report that lists payments that have been stored but have not been posted to the patient account. Payments can be stored on an account through the *Patient Check In/Out* function, *Payment Entry* (CGM webPAY payments that are not applied), CGM webPAY payments collected for Collection Payment Plans or Non-Delinquent Payment Plans or the CGM eMEDIX Payment Portal (for electronic patient statement payments or collection payments).

The following method works well when your practice has a single payment device. If you have multiple payment devices, see the next section, *Unposted Payments - Print to Excel*. Select the **Print in Payment Method Order** check box so the report will provide totals for each payment method.

## Unposted Payments - Print to Excel

If your practice uses two or more payment devices, you will need to access the *Unposted Payments* function. There are multiple options to extract and filter the data, but a couple of the simplest ones follow.

1. Click the **Pmt Method** column heading to re-sort the screen and then use the **Print to Excel** Action Column button.

Unposted Payments										System Manager

## USING CGM WEBPAY FOR PAYMENT PLANS

You can set up *Delinquent (Collection) Payment Plans* and *Non-Delinquent Payment Plans* to collect payments automatically using CGM webPAY. After CGM webPAY has been installed and activated in the current database, the CGM webPAY options display below the Payment Plan fields. The instructions provided below show how to setup CGM webPAY in a payment plan after you have accessed the applicable function listed below:

### Delinquent (Collection) Payment Plans

Accessed the *Payment Plan Action Column* function (*Collections > Patient Collections > Work Accounts > Enter Filter Settings-if applicable > Select Patient > Payment Plan*)

### Non-Delinquent Payment Plans

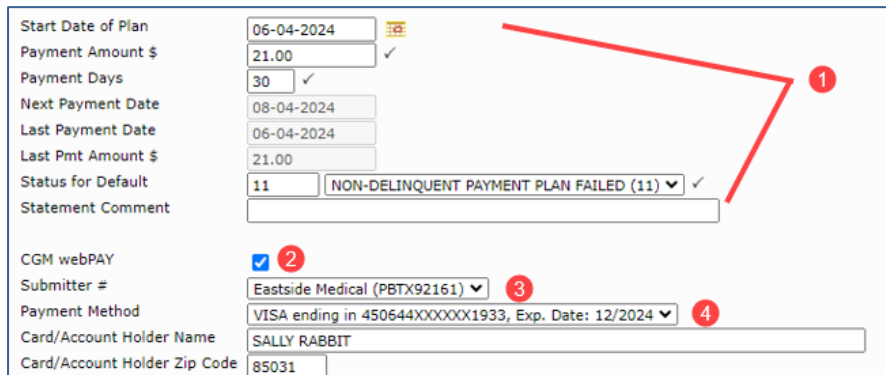

Accessed the *Non-Delinquent Payment Plan* function (*Collections > Patient Collections > Non-Delinquent Payment Plan > Select Patient*)

Regardless of which function you accessed, the CGM webPAY fields display below the standard Payment Plan fields.

Start Date of Plan	<input type="text" value="08-07-2024"/>	
Payment Amount \$	<input type="text"/>	✓
Payment Days	<input type="text"/>	✓
Next Payment Date	<input type="text"/>

Card/Account Holder Zip Code	<input type="text"/>	

## How to Set up CGM webPAY in a Payment Plans

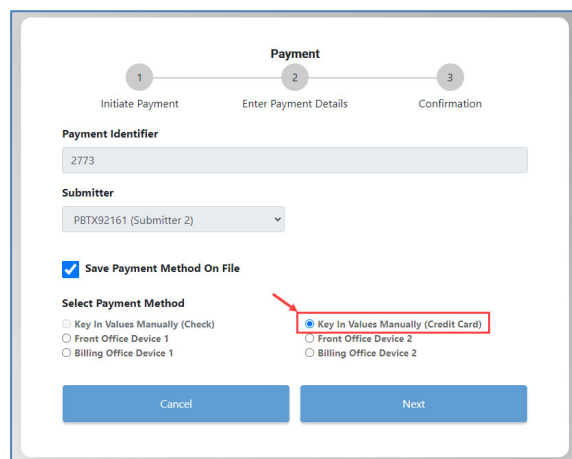

Perform the following steps to set up CGM webPAY in a payment plan:

The screenshot shows a form for setting up a payment plan. The fields are as follows:

- Start Date of Plan: 06-04-2024
- Payment Amount \$: 21.00
- Payment Days: 30
- Next Payment Date: 08-04-2024
- Last Payment Date: 06-04-2024
- Last Pmt Amount \$: 21.00
- Status for Default: 11 (NON-DELINQUENT PAYMENT PLAN FAILED (11))
- Statement Comment: (empty)
- CGM webPAY:  (Callout 2)
- Submitter #: Eastside Medical (PBTX92161) (Callout 3)
- Payment Method: VISA ending in 450644XXXXXX1933, Exp. Date: 12/2024 (Callout 4)
- Card/Account Holder Name: SALLY RABBIT
- Card/Account Holder Zip Code: 85031

1. Complete the standard Payment Plan fields first
2. Select the **CGM webPAY** check box
3. Select the **Submitter #**
4. Select a **Payment Method**:
  - a. **Select a previously saved payment method.** The **Card/Account Holder Name** and **Card/Account Holder Zip Code** fields will be populated if that information was originally stored for the payment method. Click **Save** and then click **OK** when the *Payment Plan has been saved* message displays. **Note:** If you want to select a Bank Account for the **Payment Method**, you will need to store the payment method on the patient’s account first, which requires you to collect a payment using the Bank Account information and ensure the **Save Payment Method on File** check box is selected.
  - b. **Select New Card - Manual Entry.** You can only use credit cards when selecting this option. When the CGM webPAY window displays, the **Key in Values Manually (Credit Card)** option will be selected. You can change it and select a payment device if needed or proceed with manually entering the credit card information. Click **Next**.

The screenshot shows the 'Payment' window with three steps: 1. Initiate Payment, 2. Enter Payment Details, and 3. Confirmation. The 'Enter Payment Details' step is active. The form contains the following fields and options:

- Payment Identifier: 2773
- Submitter: PBTX92161 (Submitter 2)
- Save Payment Method On File
- Select Payment Method:
  - Key In Values Manually (Check)
  - Front Office Device 1
  - Billing Office Device 1
  - Key In Values Manually (Credit Card) (highlighted with a red box)
  - Front Office Device 2
  - Billing Office Device 2

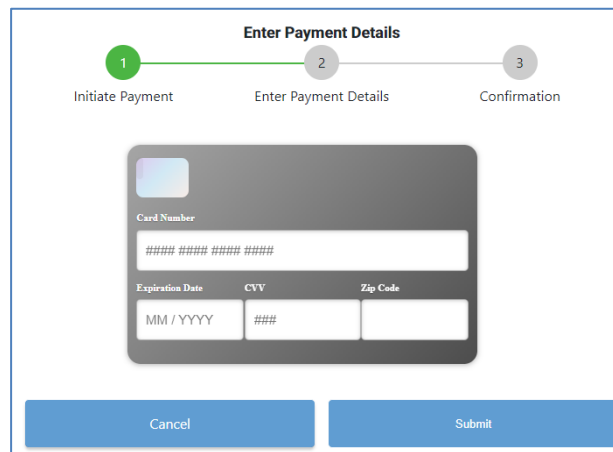

Buttons: Cancel, Next

## How to Set up CGM webPAY in a Payment Plan (cont.)

If you click **Cancel**, the following message will display. Click the **X** in the upper right corner to close the window.

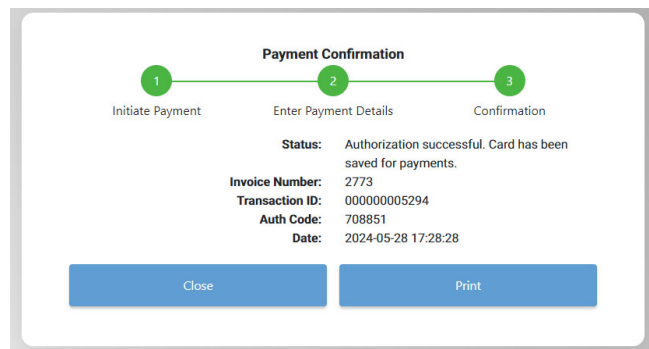

Enter the card information and click **Submit**.

The "Enter Payment Details" form is shown within a window. At the top, a progress bar has three steps: 1. Initiate Payment, 2. Enter Payment Details (highlighted), and 3. Confirmation. The form contains a card number field with a masked input (#####), an expiration date field (MM / YYYY), a CVV field (###), and a zip code field. At the bottom are "Cancel" and "Submit" buttons.

When the Payment Confirmation window displays, click **Print** to print the receipt or **Close**.

The "Payment Confirmation" window shows a progress bar with three steps: 1. Initiate Payment, 2. Enter Payment Details, and 3. Confirmation (highlighted). Below the progress bar, the status is "Authorization successful. Card has been saved for payments." and the following details are listed: Invoice Number: 2773, Transaction ID: 00000005294, Auth Code: 708851, and Date: 2024-05-28 17:28:28. At the bottom are "Close" and "Print" buttons.

Click the **X** in the upper-right corner of the window.

## How to Set up CGM webPAY in a Payment Plan (cont.)

The New card information displays in the **Payment Method** field and the Guarantor's Name and Zip Code will be populated for the **Card/Account Holder Name** and **Card/Account Holder Zip Code** fields. **Note:** When you add a new card, it is automatically set to be the **Default Card** on the patient's account. Click **Save**.

Start Date of Plan: 05-29-2024  
 Payment Amount \$: 47.00  
 Payment Days: 30  
 Next Payment Date: 06-28-2024  
 Last Payment Date: 06-06-2024  
 Last Pmt Amount \$: 37.60  
 Status for Default: 11 NON-DELINQUENT PAYMENT PLAN FAILED (11)  
 Statement Comment:   
 CGM webPAY:   
 Submitter #: Eastside Medical (PBTX92161)  
 Payment Method: MASTERCARD ending in 510510XXXXX5100, Exp. Date: 12/2024  
 Card/Account Holder Name: SAM FOX  
 Card/Account Holder Zip Code: 85021

Click **OK** when the *Payment Plan has been saved* message displays.

After you save a CGM webPAY Payment Plan and access *Work Accounts*, the **Payment Plan** column will display **Yes - CGM webPAY**.

## How to Set up CGM webPAY in a Payment Plan (cont.)

If a processing error occurs during the automatic collection of a CGM webPAY Payment Plan payment, a detailed error message will display at the bottom of the Payment Plan screen the next time the patient's Payment Plan is accessed.

Start Date of Plan	04-03-2018	
Payment Amount \$	4.00	✓
Payment Days	30	✓
Next Payment Date	06-08-2024	
Last Payment Date	09-02-2022	
Last Pmt Amount \$	4.00	
Status for Default	6	PAYMENT PLAN FAILED (6) ✓
Statement Comment		
CGM webPAY	<input checked="" type="checkbox"/>	
Payment Method	Visa ending in 5439, Exp. Date: 12/2020	
Card/Account Holder Name		
Card/Account Holder Zip Code		

Payment Attempt on 05/22/2024 failed: Insufficient Funds

If you set up Payment Plans to use CGM webPAY; automatic payment collection is dependent on the Collection Roster being populated daily. In the Patient Collections Integration function, you should select the **Automatic Roster Population** check box. When the Collection Roster is populated, payments will be collected automatically one day prior to the **Next Payment Date** stored on the patient's account and they will be stored in *Unposted Payments* with a **Source** of *Payment Plan*.

When the Collection Roster is populated, any CGM webPAY Payment Plan payments that are currently stored in *Unposted Payments* will be taken into account, when determining if an account is delinquent and if a Payment Plan is on track or not.

**Note:** The following criteria are used to determine when to automatically collect CGM webPAY Payment Plan payments:

- If no personal payments were posted within the payment plan time period (example: last 30 days), then collect the full payment plan payment amount.
- If there have been personal payments posted that are greater than or equal to the payment plan payment amount within the payment plan time period, then do not collect the payment plan payment amount.
- If there have been personal payments posted that are less than the payment plan payment amount within the payment plan time period, collect the difference between the amounts. For example: If payment plan payment amount is \$50 and there have been only \$30 of personal payments posted within the last 30 days, then CGM webPAY will collect the difference of \$20.
- Co-payments posted on patient accounts are not included in the calculation of personal payments.

## Manage Payment Plans

With the *Manage Payment Plans* function (*Collections > Patient Collections > Manage Payment Plans*), you can view every patient that has a payment plan and their status in a sortable list. You can click anywhere in payment plan row to edit or delete it. If a processing error occurs during the collection of a CGM webPAY Payment Plan payment, a detailed error message will display below the patient's name.

Manage Payment Plans										SYSTEM MANAGER Eastside Medical (1)
Acct#	Patient	Plan Started	Next Pmt Date	Next Pmt Amount	Last Pmt Date	Last Pmt Amount	# Days to Pay	Collection Status	CGM webPAY

If a processing error occurs during the automatic collection of a CGM webPAY Payment Plan payment, a detailed error message will display in the payment plan Alert in red text. To ensure you receive notification of any errors, an Alert will display whenever there is a processing error, even if you do not select the **Display Payment Plan Alert** check box.

## PAYMENT METHODS STORED ON THE PATIENT ACCOUNT

### Add, Edit or Delete Payment Methods

You can add, edit or view payment method information stored on a patient's account using the **Payment Methods** Action Column button on the *Patient Summary Screen (Patient > Change Patient Data > Select a Patient > Payment Methods)*. **Note:** The **Payment Methods** Action Column button will only be visible if the Security Level for your User Code is the same or higher than the **Payment Methods Security Level** selected in the in the *CGM webPAY Integration* function.

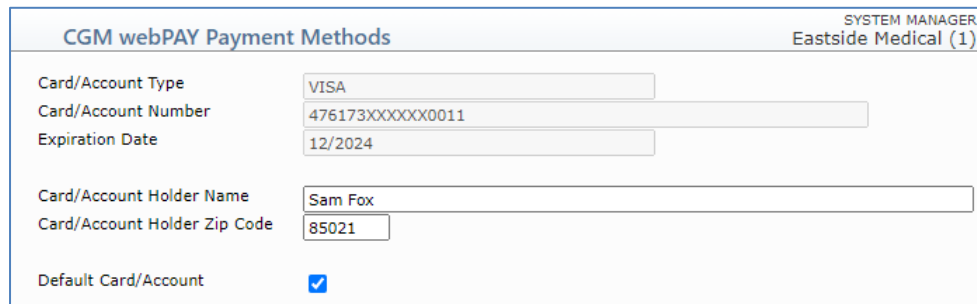

Upon accessing the **Payment Methods** function, any previously saved payment methods will be listed for the patient including the **Card/Account Type, Card/Account Number, Expiration Date, Card/Account Holder Name, Zip Code** and whether the card is set as the **Default Card/Account** or not. To edit or delete a payment method, select the payment method you want by clicking anywhere in the payment method row.

CGM webPAY Payment Methods						SYSTEM MANAGER Eastside Medical (1)
Add Payment Method		25977.1 - FOX, SAM				
Card/Account Type	Card/Account Number	Expiration Date	Card/Account Holder Name	Zip Code	Default Card/Account	
Checking	XXXXXX1221				No	
MASTERCARD	510510XXXXXX5100	12/2024	SAM FOX	85021	Yes	

## Add, Edit or Delete Payment Methods (cont.)

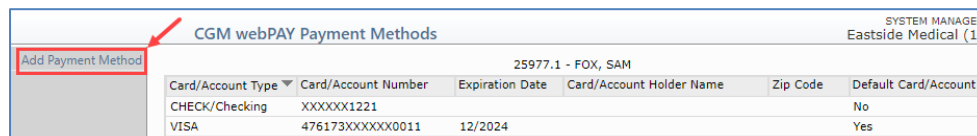

You can edit the **Card/Account Holder Name**, **Card/Account Holder Zip Code** and select or clear the **Default Card/Account** check box to indicate if you want to default this payment method when entering payments. Click **Save** to save any edits. If you need to edit any of the other information, you need to **Delete** the payment method and then **Add** a new payment method with the correct information.

If you want to delete the payment method from the patient’s account, click **Delete**. You will be asked to confirm that you want to delete it. If the payment method is currently stored on a payment plan, you will receive the following message, *“A payment plan for this patient is using this payment method. You will need to either delete the payment plan or change the payment method stored on the payment plan before you can delete this payment method.”*

Submitter: Eastside Medical ▼

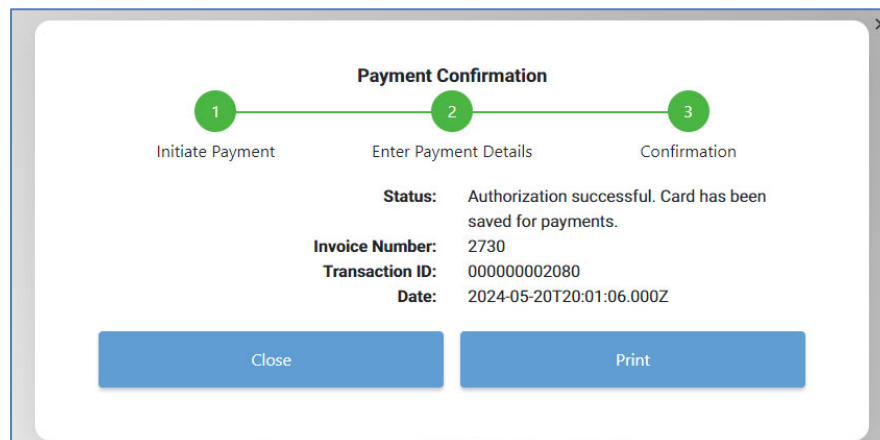

Proceed
Cancel

## Add, Edit or Delete Payment Methods (cont.)

When the *CGM webPAY* window displays, select the payment method and click **Next**. **Note:** You can only use credit cards when saving a payment method using this function. When the *CGM webPAY* window displays, the **Key in Values Manually (Credit Card)** option will be selected. You can change it and select a payment device if needed or proceed with manually entering the credit card information. If you want to store a Bank Account **Payment Method**, you can only do this when you collect a payment using the Bank Account information and ensure the **Save Payment Method on File** check box is selected.

Complete the process to enter the payment information for the type of payment method you selected. When the Payment Confirmation window displays, you can click **Print** to print the receipt or **Close**.

## Add, Edit or Delete Payment Methods (cont.)

Click the **X** in the upper-right corner of the window.

After the new payment method has been successfully added, you can edit the information if needed.

CGM webPAY Payment Methods		SYSTEM MANAGER Eastside Medical (1)
Card/Account Type	<input type="text" value="VISA"/>

15								

**Note:** If multiple payment methods are stored for the patient, the report will only print the information for the Default payment method.

## PAYMENT FIELDS IN THE PAYMENT COLLECTION WINDOW

If information in the payment fields is entered or edited while collecting payments when using CGM webPAY, adjustments will be automatically made to the collected payment when necessary and an alert will display stating the amount was changed.

### Examples of Payment Modifications:

**Single Payment Involved** – Payment collected in *Payment Entry* or a Co-pay or ROA is collected in *Scheduling* – the payment amount is changed.

**Multiple Payments Involved** – Co-pay and ROA are collected in *Scheduling* in a combined payment:

- If the payment amount collected is greater than the payment amount requested:
  - The excess payment amount is added to the first ROA if there is one. If there isn't an ROA, then the excess is added to the first Co-pay.
- If the payment amount collected is less than the payment amount requested:
  - The payment amount is reduced from the ROA's with largest amounts first, then Co-pay's with largest amounts first.

**Extreme Examples of Multi-payments** - A total of four Co-pays and ROA's are entered in *Scheduling* in this order for a total of \$95:

1. \$50 ROA
  2. \$10 ROA
  3. \$15 Co-pay
  4. \$20 Co-pay
- **Example 1:** When the payment is collected using CGM webPAY and the Payment Amount is changed to \$100. In this case the amount collected was \$5 more than requested, so the \$50 ROA is changed to \$55 since it was the first ROA entered.
  - **Example 2:** When the payment is collected using CGM webPAY and the Payment Amount is changed to \$75. In this case the amount collected was \$20 less than requested, so the \$50 ROA is changed to \$30 since it is the largest ROA entered.
  - **Example 3:** When the payment is collected using CGM webPAY and the Payment Amount is changed to \$15. In this case the amount collected was \$80 less than requested, so the \$50 ROA, \$10 ROA and \$20 Co-pay are voided.
  - **Example 4:** When the payment is collected using CGM webPAY and the Payment Amount is changed to \$25. In this case the amount collected was \$70 less than requested, so the \$50 ROA and \$10 ROA are voided, and the \$20 Co-pay is changed to \$5, since it was the largest Co-pay.

## Payment Fields in the Payment Collection Window (cont.)

If any Payment Plan information is entered in the Payment Collection window and the requested payment amount is changed, adjustments will be made as listed previously in this section. In addition, a notice will display in the Payment Collection window stating the future payment amount and the terms for the plan.

Card/Account Holder Zip Code	85031	
	Payment Plan requested via CGM webPAY Payment window on 06-04-2024 11:5:27 by SYSTEM MANAGER. Payments of \$21.00 to be collected on the 1st day of the month using VISA. X	

Click the 'X' to delete.

After you process the message and add or edit the Payment Plan, you can click the 'x' at the end of the message to delete it in the *Payment Plan* page or it will automatically delete when you click **Save**. Any messages that are left unprocessed after 60 days will be automatically deleted from all three functions.

## Payment Fields in the Payment Collection Window (cont.)

If a payment plan is requested and the patient does not currently have a payment plan stored on their account, their account will display in the *Manage Payment Plans* function, but there will not be any information listed in the payment plan fields and the CGM webPAY column will display 'No' until you add the payment plan to the patient's account.

## CGM EMEDIX PAYMENT PORTAL PAYMENTS

### CGM eMEDIX Payment Portal Integration Setup

During the Activation process, you indicated which payment codes to use when a payment portal payment is received and the Implementation Team stored those codes in the *CGM eMEDIX Payment Portal Integration* function, located on the *System > Database Maintenance Menu > Integrations > CGM webTOOLS Integrations > CGM webPAY* menu.

If you need to edit the codes, access the function and edit the Payment Codes as needed. You should NOT edit any of the CGM eMEDIX fields in the top portion of the screen as this could prevent payments from processing. Patients will not be able to make payments via the *CGM eMEDIX Payment Portal* unless all of the required fields have been completed.

**CGM eMEDIX Payment Portal Integration**

CGM eMEDIX Submitter ID	<input type="text"/>	✓
CGM eMEDIX User Name	<input type="text"/>	✓
CGM eMEDIX Password	<input type="text"/>	✓
CGM eMEDIX DSN/TPID	<input type="text"/>	✓

**Do NOT edit these fields.**

Default Payment Code	<input type="text"/>	✓ Q	<input type="text"/>
Mastercard Payment Code	<input type="text"/>	Q	<input type="text"/>
Visa Payment Code	<input type="text"/>	Q	<input type="text"/>
American Express Payment Code	<input type="text"/>	Q	<input type="text"/>
Discover Card Payment Code	<input type="text"/>	Q	<input type="text"/>

#### Notes

- If multiple databases have been activated, the *CGM eMEDIX Payment Portal Integration* function must be completed in each database.
- If you want to track Payment Portal payments separately from other payments in CGM webPRACTICE, you should create new Payment Codes specifically for Payment Portal.

## Processing & Viewing CGM eMEDIX PAYMENT PORTAL Payments

### Unposted Payments - Processing Payment Portal Payments

After you have been activated for the *CGM eMEDIX Payment Portal*, any payments received from the CGM eMEDIX Payment Portal will be stored in the *Unposted Payments* function.

- **CGM eMEDIX Payment Portal** will display in the **Source**-column
- **PP** for Payment Portal will display in the **Pmt Method** column
- The Payment Codes entered in the *CGM eMEDIX Payment Portal Integration* function will display in the **Payment Code** column

You can credit/return payments if needed. See the *Void/Credit Unposted Payments* section in this User Guide for more information.

## Patient Transaction History - Viewing Payment Portal Payments

The **Payment Portal Statement ID** prints on *Electronic Patient Statements* or *Electronic ECOLLECTIONS Letters* and is required for patients to make an online payment. If the patient happens to misplace their statement or letter and calls the office to ask for the Statement ID, you can look it up from within their Transaction History (*Patient > Change Patient Data > Transaction History*).

You can view the patient's statement or letter that was sent to CGM eMEDIX by clicking on the **ST** icon for a statement or the **C** icon for a collection letter.

Dear Kayo,

Just a reminder that your account is past due in the amount of \$319.00. Please remit your payment today.

If you have any questions regarding these charges, please contact our billing office at 602-555-0111.

Sincerely,

Collection Manager

**Statement ID: AQ1-J7X7-0T3G-54QB**

## CGM webPRACTICE Reports for Payment Portal Payments

The reports available to identify Payment Portal payments include:

- Unposted Payments Journal
- Unposted Payments - Print to Excel
- Daily Register to Excel
- Transaction Journals to Excel (Payment)

### Unposted Payments Journal

With the *Unposted Payments Journal (Transactions > Transaction Journals > Unposted Payments Journal)*, you can print a report that lists the Payment Portal payments for electronic patient statement payments or collection payments, that have been *stored* but have not been *posted* to the patient account.

After accessing the function, select the **Print in Payment Method Order** check box so the report will provide totals for each payment method.

**Unposted Payments Journal**

Print in Patient Order

Print in Payment Code Order

Print in User Code Order

Print in Date Order

Print in Location Order

Print in Resp Doctor Order

Print in Dr Assigned to Pmt Order

Print in Payment Method Order

Summary Only

Print From Date

Print Through Date

All Payment Portal payments are identified by 'PP' in the **Payment Method** column in addition to listing the Payment Codes entered in the *CGM eMEDIX Payment Portal Integration* function.

Acct	Patient Name	Pmt Date	Pmt Type	Pmt Method	Pmt Code	Amount	Loc	Pmt Dr	Resp Dr

Requested by MGR and completed at 12:13PM on Sep 23 2020

## Unposted Payments - Print to Excel

Upon accessing the *Unposted Payments* function, you can filter and print the Payment Portal payments to Excel using the **Print to Excel** Action Column button. There are multiple options to extract and filter the data, but the simplest method is shown below.

Use the **Add/Edit Filter** Action Column button in *Unposted Payments* to view only Payment Portal payments by selecting the **CGM eMEDIX Payment Portal** option for the **Source** field.

When the filtered payments display, click the **Print to Excel** Action Column button.

## CGM eMEDIX Report for Payment Portal Payments

After payment portal payments have been activated for your practice, you will be able to log on to eMEDIX's website and access the *Statements > Payment Transactions* function to view a listing of all payments received via the payment portal. You will then have options to Copy, Export the payment listing to an Excel, CSV, or PDF file or Print the listing.

For detailed information on the Payment Transactions function, you can access eMEDIX's Online Help: [http://online.emedixus.com/static/index.htm#t=Statements%2FPayment\\_Transactions.htm](http://online.emedixus.com/static/index.htm#t=Statements%2FPayment_Transactions.htm)
